

# How to Create a New Slideshow

Log into MDID

In the upper left corner, click “My Slideshows”

Click “Create New Slideshow”

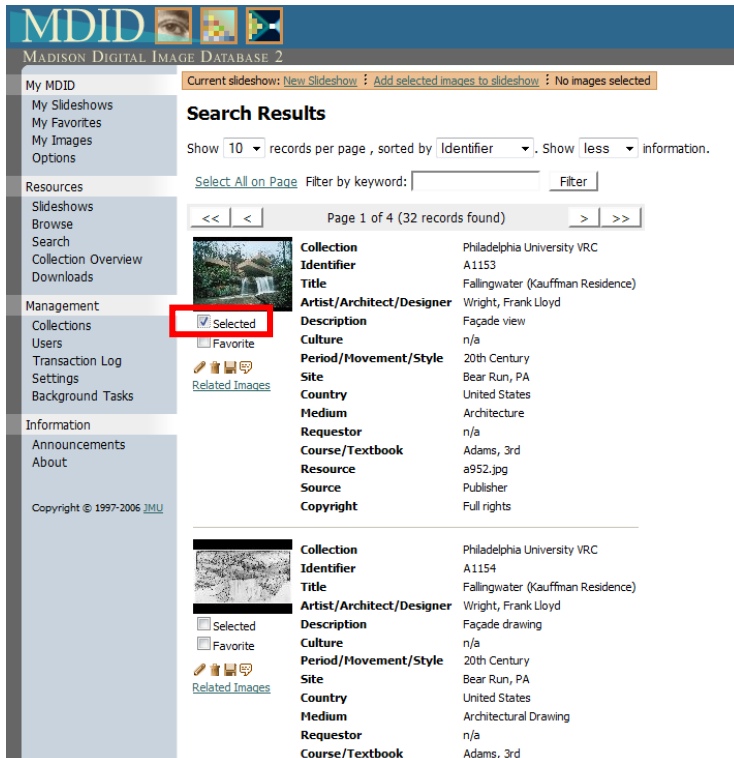

For the title field, type in what you would like to name this slideshow and click "Rename".

Then at the bottom of the page, click on "Add Images"

From here you can either Search or Browse to locate images. Always select the collection called "Philadelphia University VRC"

Click the box next to the word Selected to choose each image

When finished on a particular page, scroll to the top of the page and look in the orange bar across the top. It should say Current slideshow: name of your slideshow: Add selected images: number of images selected. Click on Add selected images to slideshow.
